

Services Offered By Mountain State Video Imaging

Media Digitization (Transfer VHS & Other Analog Media to DVD and Other Digital Video Formats)

Transfer your home movies from any analog format to a longer lasting digital format. Makes them easier to share between people and different mediums!

\$5 each hour of analog video

\$2 per DVD

\$3 per Blue-Ray

Data Backup Service

We can back up and store any of your precious data in a secure, controlled environment off-site.

If any of your media becomes damaged, we can restore your data fast and easy.

Plain 1 - 150 GB \$10 monthly

Plain 2 – 1TB \$100 setup \$2 monthly

WD-TV Live plus 1tb Hard Drive \$250

Set top boxes are becoming a standard in media entertainment. MSVI will provide a WDTV set-top box, including storage drive, and transfer any media (movies, home movies, photos, music, etc) to it for ease of access through your home television or theatre system.

Video & Audio Design and Editing \$50 hour

MSVI can edit any audio or video media you may encounter. From basic cuts, splices, to special effects and Hollywood-like effects and imaging, we have the tools available to allow your imagination to run wild.

Image Manipulation \$25 hour

Do you have old photos that need retouching or graphics you need "spiced up?" Maybe you need something special and professional done for a home project. MSVI has the tools and skill needed to make your images and photos stand out.

DVD Authoring \$50 hour

Video media these days is outstanding, you can fit multiple videos and formats onto one disc. One way of organizing and presenting any video is through DVD authoring. MSVI can dream up eye catching menus that will surely grab anybody's eye.

DVD & CD Artwork Design \$25 hour

To build upon the presentation of any media, the case design can make a whole project stand out, or be "left with the rest." MSVI can design and create such cases and covers to make your project truly stand out.

Special Event Filming \$500 a Day (One Camera) \$1000 a Day (Two Cameras)

MSVI's handpicked professional direction and filming crew can cover any type of live event. Multiple angles can be covered to catch the event on media that you can keep for a lifetime.

Services Offered By Mountain State Video Imaging

Multitrack Audio Recording \$200 a Day (\$50 hour mixdown)

Live events can sound different from what you hear in person and what is recorded. MSVI can tap into the sound that is available, record the separate channels and remix them for broadcast or mastering use. Uses of this include: live DVD's, event handling, live concerts, live albums, etc. Be sure you have the perfect mix, no matter the medium provided.

Audio Mixing & Mastering \$50 hour

MSVI can mix and master live and studio projects recorded on and off site, we can suit your specific needs.

Virtual Tours \$25 per spot

Would you like for somebody to take a virtual tour of your establishment via the world wide web, promotional DVD, or CD-ROM? MSVI can come in and make that happen using the best in digital imaging techniques available.

Website/Logo Design \$25 per page (\$10 monthly 1 year contract required)

MSVI can design any type of website graphics or logos you need for any size project using the same professional tools we use for image manipulation and restoration. Call for details.

\$25 minimum on all projects

Software Used: Adobe Photoshop, Sony Vegas Pro, Adobe Audition
